YELLOWHEAD ROUTE PIONEERS ROLL WEST

Peacetime version of panzer division started out from Edmonton today with objective of selling Yellowhead Route for Trans-Canada Highway. Caravan chairman Reg Easton assigns motorcade spots to caravan enthusiasts Ed Olson (centre) and Lloyd Warner (left), both of Edmonton. Caravan should reach Vancouver Friday.

THERE'LL BE NO lost cars in big Yellowhead Caravan if modern communications can prevent it. Wilson Faulder (at mike), reports caravan position by short wave while radio communications car operator Ed Olson supervises from behind wheel. Radio car will remain at rear of motorcade.

NOTHING LIKE getting fully equipped with Yellowhead Caravan hatbands and stickers before starting rolling toward Rockies. Dr. H. F. MacInnis of Camrose and Mrs. MacInnis help themselves to bunting before motorcade starts to roll.

Yellowhead Backers Begin 5-Day Auto Trek to Coast

Yellowhead Route wheeled-caravan got off to a flying start today on its practical demonstration of a Northwest Highway Passage from the prairies to Vancouver. With Mayor Harry D. Ainlay, president of Trans-Canada Highway (Yellowhead Route) Association, riding in pilot car driven by caravan chairman Reg Easton, the pioneer motor trek to the coast started with a colorful parade through Edmonton streets.

Also in the pilot car was J. MacPherson, vice-president of the Trans-Canada Highway Association and former mayor of Saskatoon.

The caravan had about 30 cars at the start here early today when it moved off for the parade from (Continued on Page 2)

DENTIST PULLS SELF OUT OF TOUGH SPOT

REXBURG, Idaho, Aug. 15.—(AP)—Thanks to a pair of pliers, Dr. Blair C. Rich, Rexburg dentist, escaped a possible trespassing charge. Dr. Rich said he was fishing at Island Park. Unknowingly he moved onto posted property owned by a dude ranch. The owner drove up and started a lecture on trespassing. He halted when he found Rich was a dentist. Seems he had an aching tooth. Without hesitating, Dr. Rich picked up the pliers, extracted the tooth and resumed fishing.

First Frost Hits Alberta Gardens

Weather went on the rampage both to the north and south over the week-end. Edmonton, meanwhile, continued to enjoy "normal" August weather.

Rain beat heavily on the MacKenzie river district while frost hit Calgary gardens with an unexpected blow early Sunday. Here in Edmonton we had a high yesterday of 70 degrees. And the weatherman says it will be about 65 degrees today. Storms swept a 600-mile stretch of the Mackenzie with 3.26 inches of precipitation recorded at Wrigley.

Germans Pick Right Wing In Free Poll

FRANKFURT, Germany, Aug. 15.—(AP)—Western Germany's conservative parties moved today toward a coalition which would commit the new republic to the free enterprise system during the next four years.

Those parties emerged in the strongest position in yesterday's parliamentary elections. Dr. Konrad Adenauer, chairman of the Christian Democrats, is regarded as the likely choice for Chancellor. His party received the largest popular vote. Professor Theodor Heuss, chairman of the Free Democrats, was mentioned for the presidency. The Free Democrats finished third.

More than 24,000,000 Germans swarmed to the polls yesterday, in their first free election since Hitler took over in 1933. They handed Communism its fourth major defeat in Western Europe since the war. France, Italy and West Berlin said "no" to the Nazis in earlier elections.

NAZIS REJECTED

West-German voters also rejected Socialism and extreme right pro-Nazi groups, giving control of the 402-member parliament to the free enterprise parties, whose policies have the confidence of American officials.

Topping the popular vote with 7,536,025 were the conservative Christian Democrats. Close behind with 6,932,365 were the Social Democrats who want to nationalize big industries. The Free Democrats, who favor the free enterprise system with no reservations, surged into third place with 2,827,948 votes.

CONSERVATIVE CABINET

By joining with the Christian Democrats they can assure a controlling bloc in parliament and will be able to form a conservative cabinet. Trailing the field of the major parties were the Communists who slumped from 10 per cent of the popular vote in 1946 state elections to about six per cent—1,360,460 votes.

RIGHT APPROACH

Tough Jobs Can Be Made Easy

Refrigerators may be hard to find at the North Pole, but even bachelor apartments can be found in Edmonton if you advertise in The Bulletin.

Here's the way one went about it:

"Wanted: Small bachelor apartment or suite furnished by respectable young bachelors. A gentleman. South side preferred. Phone..."

But isn't the only young gentleman looking for lodgings. If you have a suite to rent let The Bulletin rent it for you. Just call 42111.

PREMIER 'GONE FISHING'

Izaak Walton Manning Holidaying at Coast

QUALICUM BEACH, B.C. Aug. 15.—(CP)—They should hang out a "gone fishing" sign on Premier E. G. Manning's door in Edmonton. That's what he's doing and this is where he's doing it. The Alberta premier returned again this year to this Vancouver Island spot that great galaxy of prevaricators, known community as fishermen. And guides looking for a good night well. A year ago Mr. Manning arrived at Qualicum, tirelessly fished, joked with other anglers during the nights and even preached one Sunday in a Qualicum church. He hasn't taken to the pulpits so far this year but he's fishing regularly and still joking at night.

Said one guide: "A nice guy, that Alberta premier, and a good fisherman. On clear days the boys have seen him out off the point, removing his canoe from his line and taking them in his boat."

Premier Manning is having his day.

9 Dead, 49 Safe In Crash at Sea

Accused Killer Still At Large

Police Hopeful Of Arrest Soon In Calgary Case

CALGARY, Aug. 15.—(CP)—The four-day-old manhunt for 33-year-old Donald W. Henderson of Clive, Alta., continued unabated today.

Henderson eluded police at the scene of the crime, Thursday night, leaving the battered and dying body of Yvonne Levesque, 24, of Pincher Creek lying nude on the floor of one of the camp cabins.

Henderson and Miss Levesque, who two weeks earlier had left her job as waitress in an Edmonton restaurant to be married, had been living in the cabins since Aug. 2.

BORROWED CAR

It is believed Henderson may still be driving a 1941 black Chrysler Windsor sedan which he borrowed from a friend here several hours after he ran from the cabin and eluded police along the brush-covered banks of the Bow river, 100 yards away.

He was spotted driving the automobile south from Calgary Friday morning. Since then the trail has vanished.

Kenneth Evans of Ponoka, a partner with Henderson in a brush-cutting business in north-central Alberta, arrived here yesterday and was interviewed by police. Authorities declined to disclose any information they may have obtained from Evans.

DIES OF SHOCK

Miss Levesque died of severe shock from a beating which left her body covered with large bruises and scratches. Following a call from the auto camp, police arrived at Henderson's cabin and found him applying artificial respiration to the woman.

When one of the detectives went to call an ambulance and the doctor, the other started applying artificial respiration. At this point Henderson slipped out of the cabin and made good his escape.

Inquest into the death of the attractive brunette opened Saturday and was adjourned indefinitely following identification of the body.

Airliner Is Forced Down on Atlantic

SHANNON, Ireland, Aug. 15.—(AP)—Its fuel exhausted, an American four-engineered airliner belled into the Atlantic off the west coast of the Republic of Ireland in darkness early today. Nine of its 58 occupants were killed and the rest were saved in a dramatic sea-air rescue.

Among those saved was Ruth Nichols, 48, noted American aviator.

The big Skymaster, bound from Boston to New York with 47 Italian emigrants to Venezuela and 11 Americans aboard, overshoot Shannon airport.

Another American airliner tried to escort it back to Shannon, but the Skymaster's gasoline gave out and it plumped into the calm sea 15 miles off the Irish coast.

SHIPS GUIDED

British and American transport planes guided surface vessels in the rescue operation. Nine of the Americans aboard were crew members and two were employees of Transocean Airlines, owners of the plane.

Ten hours after the plane dropped through a cloudbank into the sea, the British trawler Stalberg pulled into Galway harbor with 45 survivors. The Irish steamer Larnahome had helped her in the rescue work.

MANY SUFFER SHOCK

Some of the passengers dived into the sea and began to swim. Others put off from the plane in life rafts. Many of the survivors suffered from shock.

Capt. Edward Bessey, the pilot lost and nearly 2 1/2 hours overdue, had been trying to nurse his meagre gasoline supply until he reached land under the escort of another American air liner. Its engines started cutting out and he

Churchill Honored By City of Strasbourg

STRASBOURG, France, Aug. 15.—(Reuters)—Winston Churchill brushed tears from his eyes today when he replied to the mayor of Strasbourg after receiving the honorary citizenship of this picturesque age-old city of many wars.

His voice trembled with emotion as he recalled his long association with France and emphasized that Anglo-French co-operation could open up a great prospect for the whole of Europe.

Churchill, here as one of the main architects of the new Council of Europe, spoke in the beautiful 18th-century city hall where the mayor and the councilors had invited him to honor Britain's wartime prime minister for the part he played in freeing Strasbourg from the Nazis.

He was visibly affected by the warmth of the welcome he received throughout the ceremony. After receiving the scroll, Churchill spoke in French from a city hall balcony to thousands of cheering people.

"You have paid me an incomparable compliment that I shall value for the rest of my life," he said. "Let us march together. Vive la France."

90-Day Drought Ends

ROME, Aug. 15.—(Reuters)—Rain fell Saturday on the parched countryside around Rome for the first time in three months. Temperatures fell 30 degrees in a 24-hour period.

'SO LONG BOSS' says Teddy, Edmonton's back-alley bear cub to his sad-faced owner as he left for Calgary zoo. Five-months-old cub left to enter public life last week following legal fracas in which Humane Society charged cub's keeper, John Mainfrid, owner of St. Elmo hotel, 10160-98 street with cruelty. Teddy lived in hole-in-the-wall behind hotel.

It Happened TODAY

Caravan Starts Trek to Coast

(Continued from Page 1)

Kingsway and 101 street.

The motor fleet will snowball strength as it rolls through the Rockies, picking up more Yellowhead Route enthusiasts at Edeon, Jasper, Blue River and Kamloops. Officials hope to have more than 100 cars in the procession when it rolls into Vancouver. Motorcade is scheduled to reach Vancouver Friday.

MEETING PLANNED

Delegation will present resolutions favoring the Yellowhead route for a Trans-Canada Highway to the B.C. government in Victoria. First big break in the journey will be at Jasper tonight when there will be a barbecue and meeting to select delegates to meet the B.C. cabinet.

Caravan members, about four to a car, were keyed up with spirit of pioneering adventure as they rolled through streets today, auto-plastered with slogans plugging the Yellowhead route.

Flashy yellow hat bands were handed out to each member as he registered with Caravan Chairman Easton.

WIVES AND CHILDREN

Many trekkers had their wives along with them and some took children along too. Dr. H. F. Macdonald and Mrs. Macdonald of Camrose, were typical of a good-sized group of Yellowhead boosters from Alberta towns.

Fred J. Speed, perennial candidate for mayoralty in Edmonton, was with the caravan along with Mrs. Speed.

SPEED SET

Caravan head Reg Euston said the motorcade planned to average about 25 mph all the way to the coast. Much higher speed will be maintained to Jasper and from Kamloops on to the coast.

Caravan will move as an army motorized unit with a fully equipped radio communications car at the rear, maintaining contact with caravan cars and towns along route.

Ed Olson, manager of Scotty's

Australia Coal Miners Return at Old Terms

SYDNEY, Australia, Aug. 15.—(CP)—Australia's 24,000 coal miners today went back to the pits on their own terms after a seven-week strike.

The general coal strike was called June 27, at the height of the winter season in down-under Australia. The miners were demanding a 35 shilling (\$4.35) weekly wage increase, reduction of the work week from 40 hours to 35 and long-service leave.

None of their demands were met and the case now reverts to arbitration by the national coal board.

Service men who worked the open-pit mines of New South Wales for the last 13 days of the crippling strike left the mines at midnight. The army announced the troops had mined 100,000 tons of coal.

At a week-end conference the miners agreed to end a long-standing ban on more than one shift daily and agreed to work two or three shifts daily on open-pit mines.

Prime Minister Chifley in a broadcast last night thanked the troops for their work in the coal fields, urged the miners to purge Communists from their ranks and told of a scheme to increase Australia's coal production.

Chifley said production of coal in New South Wales would be increased from the present 1,250,000 tons yearly to about 5,000,000 tons. To do this the coal board had ordered more than \$1,250,000 (about \$1,000,000) worth of heavy mining machinery.

Inside Hollywood

It is 14 years since Will Rogers crashed to his death in Alabaster. This is the first of two articles about the comedian and the legend he created.—EDITOR.

By Bob Thomas

HOLLYWOOD—(AP)—Fourteen years ago today, a small airplane nosed into the icy water at Point Barrow, Alaska, carrying Will Rogers to his death.

Most North American adults have a memory of hearing that tragic news and fondly recall the grinning Oklahoma humorist who made the continent laugh.

Hollywood, where he worked and lived in his last years, recalls him as sometimes awkward, sometimes humble, but always Will Rogers. He claimed his epitaph could be "I never met a man I didn't like."

DIDN'T LIKE PHONIES

But, says a former co-worker, "he had no use for phonies, and could spot 'em a mile away."

He earned \$2,500,000 in eight years from movies alone, but he maintained the common touch that was his trade mark. His favorite costume was blue denim pants, a leather jacket and a sloppy hat. Concerning his grammar, he said: "Maybe ain't ain't so correct, but I notice that lots of folks who ain't ain't ain't ain't."

He was a great kiddier, but no practical joker on movie sets. Once he was given a dinner by his fellow workers, who joked that Siepin Fitchel stole the Rogers' pictures.

"Maybe so," he answered, "but I got a canyon out in the Santa Monica mountains that was paid for with pictures that Fitchel stole from me."

THE MCGRAW NUDGE Joel McCrae recalls that Rogers gave him his first big role, as son of the humorist in a picture. Playing his first scene with Rogers, he never could hear the right cue. Rogers took him aside.

"Look, young fella, this here is a pretty good script, but sometimes I find ways to improve it," he said. "Tell you what I'll do—every time I'm through taking it, I'll give you a nudge."

That's the way the picture was

and prepared to lead the rescue search. Meanwhile, the Stalberg reached the scene of the emergency landing and began picking up the survivors.

Andes Crash Takes 32 Lives

BOGOTA, Colombia, Aug. 15.—(AP)—The crash of a commercial airliner in the Andes Mountains west of Bogota Saturday killed all 32 persons aboard. The plane, a two-engine DC-3 belonging to Empresa Sociedad Aeronautica Tolima, hit a mountain peak.

Dream Comes True But in Triplicate

WINDSOR, Ont., Aug. 15.—(CP)—Mr. and Mrs. Nollard of nearby Harrow are the parents of four boys. For years they hoped for a girl.

Saturday three girls were born to Mrs. Nollard, all fine, healthy babies. Their weights at birth were: four pounds, 15 ounces; five pounds 24 ounces and five pounds, three ounces.

4 Children Drown In Boating Mishap

ANGOLA, Ind., Aug. 15.—(AP)—An outboard motorboat carrying seven persons overturned in Clear Lake, northeast of here today, drowning four small children. The boat overturned when it struck the wake of a speeding boat.

Small-Boat Sailors Sighted Off England

LONDON, Aug. 15.—(CP)—Stanley and Colin Smith, who left Halifax July 6 for Britain in a 30-foot boat, yesterday were reported sighted 300 miles off Land's End, Cornwall. They have covered almost 2,200 miles in 40 days. Their father is coxswain of the lifeboat at Yarmouth. They plan to visit their parents before returning to Canada.

Crime Tale From L.A. Police Files

Story Based On Crime Which Baffled Police

Straight from the files of the Los Angeles police department is the story portrayed by Eagle Lion's "He Walked by Night," which opens today at the Rialto.

"He Walked by Night" is a true story. It is known to Los Angeles police department as the most difficult case in its experience, principally because of the diabolical cleverness, intelligence and cunning of a completely unknown killer.

SEMI-DOCUMENTARY The picture is a semi-documentary melodrama of a cold-blooded killer finally tracked to his lair in the storm drains under the city of Los Angeles.

Starting in this thriller are Richard Basehart and Scott Brady. Basehart, who plays the part of the ruthless killer, first came to notice of film producers when he received the New York drama critics' award for his performance as a Scottish soldier in the Broadway stage play, "The Hasty Heart." Brady scored a hit with movie

fans in his portrayal of a sympathetic convict in "Canyon City." He plays the part of the Los

Angels detective who hunts down Basehart without sleep, or rest until he runs the killer to earth. Producer of the film is Robert T. Kana, Alfred Walker is the director.

CHECKING WITH GEIGER counter is Edmonton mining engineer 'Dunc' Campbell. Geiger counter has become part of standard prospecting equipment today. Uranium indications at Gateway claim were inconclusive. Campbell advocates teaching Eskimos to prospect to assist in developing Arctic mining. In background is prospector Henry Drever, of Edmonton.

SIT DOWN PROSPECTING is demonstrated by Matt Berry, famous bush-pilot who flew north earlier this year to stake Arctic lead claims. He believes in using the airplane to save weeks of energy-wasting ground travel. Here he chips off samples of five-foot-thick vein of almost pure lead. Local mining men developing claim believe vein may extend out under Arctic Ocean into extremely large ore body.

Spy... Rich Arctic Development Pushed By City Pioneers

By the Staff

By Stan Burke
Bulletin Staff Reporter

The icy waters of the Arctic Ocean may cover one of the richest deposits of lead in the world.

I have just returned from a flight to the Arctic coast where a group of Edmonton men are making a bid to develop the faraway ore-body.

If successful their mine will be the most northerly in North America, perhaps in the world.

INTERNATIONAL INTEREST
The venture attracted international attention last March, when a pair of Edmonton men bush-pilot prairie at Fort Collins, Colorado.

After that, they will attend the meeting of the American Farm Economics Association at University of Wyoming, opening Wednesday.

SCHOOL BEE
A. O. Setzer and Richard Cherny, members of Beverly school board, are looking for volunteers to help them carry out repairs to the town school.

With an original \$500 repair estimate already stretched past the \$1,200 mark, the two have agreed to pitch in and save the expense of contracting the work.

"They'll be glad to see several able-bodied Beverly men turn up next Saturday afternoon to help."

CONVOY HEADS HOME
Thirty-five service vehicles of the Reserve Army engaged recently in tactical operations on Exercise Eagle left Edmonton this morning for home bases in Calgary and district.

The large convoy which mustered at the North West Air Command was preceded in the city limits by police motorcycle escort.

HOLIDAYING IN STATES
T. J. Thibault, Edmonton hearing aids technician, is in San Francisco attending a trade convention of clinicians and manufacturers.

Following the convention he will continue a vacation tour of the United States.

EXPERT APPOINTED
A top economics expert of Imperial Oil Ltd. has been attached to that company's producing department in Calgary.

W. C. O. "Bill" Twiss, who leaves the post as manager of the Coordination and Economics Department of the Toronto office to take up the position as management assistant in Calgary.

A graduate of the University of Toronto Commerce department, he is generally considered to be Canada's foremost authority on the economics of petroleum distribution.

POSTMAN RETIRES
Edmonton residents on the north side mail route of veteran postman M. Lamberton will receive no more dunners or income tax demands.

At least not through his hands. One of seven original letter carriers in Edmonton, Mr. Lamberton started as a postman in 1907 and in 1912 became supervisor of letter-carriers and postmen, a position he retired from at the weekend.

Postmaster H. W. Gregory and a large number of postal employees and their wives flocked the retiring postman veteran at a reception in the main post office.

HIGHWAYS
No rain fell in Alberta last night and all roads are reported in good shape.

Slave Lake and High Prairie roads are reported rough. Fairview to Dunsmuir graveling errors at work and motorists advised to use old highway.

Grading crews also working on section of No. 12 highway east. Same with Highway to B.C. boundary.

Stadium Ready By Rugby Time

Crews May Work Nights To Complete Seating

Clarke Stadium's new seating accommodation will be ready in time for the first football game of the season, even if night crews have to be put on the job.

SHINGLE UNSHACKLED

A prominent firm of city barristers and solicitors was victimized by an impudent thief Friday night.

Stolow was the brass plaque announcing the place of business of Messrs. Milner, Steer, Dyde, Polier, Marland and Layton, in the Royal Bank building.

The plate was later recovered on a doorstep on 114 street.

Lakes Open For Angling

Alberta anglers can now fish in the waters of Cold Lake to their hearts content without the bother of getting licenses.

Lands and Mines Minister Hon. N. E. Tanner, announced today that permitless angling will be allowed in Cold Lake for the balance of the 1949 season.

Mr. Tanner explains Cold Lake some 200 miles north and east of Edmonton, is a natural trout lake and following closing of the lake to commercial fishing as a conservation measure, waters were being restocked with speckled trout.

BURMIS OPENED
More than 200,000 speckled trout fingerlings and eyed eggs have been planted in the lake.

In the meantime the general public is permitted to fish without permit for pike, pickerel and perch.

Mr. Tanner said that in a few years, trout population will likely be full grown sufficiently to sustain angling for trout on a large scale.

The minister also announced that Burmis Lake, reserved for nature propagation of trout, is now open to angling as from August 15 on.

CITIZENS GULP
Edmonton probably set a hot dog eating record over the weekend.

There were more picnics in the district than you could shake a mustard stick at.

Eating hard-boiled eggs and gulping down soft drinks like mad were more than 200 Edmonton and district Liberals at Victoria Park, 200 blind persons at Elk Island Park, and members and families of Edmonton 418 Auxiliary Air Force Squadron at 49th Battalion picnic grounds.

And just to make the week-end complete, more than 1,000 youngsters had the time of their lives as five city playgrounds played host on vacation day Saturday.

The youngsters didn't stop at races, games and buckets of food as did their elders.

LIBERAL GUESTS
The playgrounds were decorated in many themes, Chinese lanterns lending an Occidental theme to Burden Park and washabuckling bouncers turning Tipton into a pirates' rendezvous.

Guests at the Liberal picnic included J. Harper, Premier, Alberta Liberal leader, George Prud'homme, Liberal M.P. for Edmonton West, and Jolly Decore, Liberal M.P. for Vegreville.

Sponsors of the picnic for the blind at Elk Island were the local Canadian Institute for the Blind and Fort Edmonton Chapter of the IOOF. Food was donated by Edmonton firms.

"We had to ride the rail ties when the road turned into muskeg and had to ford several rivers. Otherwise no trouble at all," he modestly stated.

For being the first man to drive over the undeveloped road, he received a cash prize of \$500 and a gold medal from the city of Victoria.

Ford Motor Co. presented Mr. Gordon with a new car after the trip.

Doctor Sues Hospital

Mayetherborne Doctor Denis J. Burnett has asked Alberta supreme court to prevent Mayetherborne municipal board from interfering with his practice.

If the hospital prevents him from practicing medicine in the hospital he asks \$5,000 damages.

According to statement of claim filed in a city court here, Dr. Burnett is a physician and surgeon qualified to practice in Alberta.

He has been member of hospital staff of Mayetherborne municipal hospital for the past nine months.

On August 9 he received word from Alfred Potts, secretary of the hospital board, that the board had accepted his resignation, allegedly made at a July 10 board meeting.

Secretary's letter stated that after August 15 no more patients of Dr. Burnett's would be admitted to the hospital.

SUFFERED DAMAGE
The plaintiff claims that at no time did he offer his resignation. He said he has a number of patients arranged for treatment on August 10 at the hospital, and the defendant (Mayetherborne hospital board) threatens to exclude him and his patients from the hospital.

"The doctor charges he would suffer 'great and irreparable' damage to his reputation and professional standing."

He claimed, and received, an inset, its officers, agents and servants, be restrained from interfering with his practice, or, in the alternative, pay \$5,000 damages.

He claimed, and received, an injunction order was signed by Mr. Justice Frank Ford.

Polio Claims Child's Life

"Death claimed," its first victim from polio in Alberta this year, with the recent death of a 12-year-old Berwyn girl.

Child had been ill with the disease for about two weeks.

Berwyn is about 350 miles north-east of Edmonton in the Peace River district.

Alberta health department officials also reported two new cases of polio today, both in the High River district south of Calgary.

Car Hits Wagon Horses Hurt

One horse was killed and another injured Saturday night as a result of a traffic accident.

The collision occurred when a car driven by Frederick B. Waller, 11905-46 street, was in collision with a team and wagon driven by James Norris, who lives in a tent at the corner of 106 avenue and 149 street.

Waller told police he was proceeding along 130 street when the team suddenly loomed up out of the dark near the corner of 74 street.

The wagon carried no lights.

One horse was shot by a police constable at the request of Alice Norris, daughter of the owner, and a passenger in the wagon. The other animal was not seriously injured.

Those Swimming Pools

More than a year ago, Mayor Harry D. Ainlay demanded two new swimming pools for a vital and immediate necessity for Edmonton children and adults.

The Edmonton Bulletin amplified that demand by declaring that this city needed a minimum total of ten pools.

That was a year ago when Edmonton's population was 10,000 smaller than it is now.

But what has happened to the project? Additional swimming pools appear to have passed completely out of the civic picture. So far as we know no swimming pool plans appear in any early civic program.

Meanwhile the three existing pools have shown themselves to be pathetically inadequate to the needs of Edmonton children, to say nothing of the needs of Edmonton adults.

During each week of warm weather the attendance at these pools has exceeded a total of 20,000.

Between 7,000 and 8,000 persons have patronized each pool each week.

Teachers' Salaries Are Vital

The chief ailment of education in Canada is the ridiculously low level of teachers' salaries.

This point has been emphasized over and over again in the first general session of the Canadian Teachers' Federation now meeting in Ottawa.

It has been made very clear that neither the standard of teaching nor the standard of teachers can be maintained until the salaries of teachers are made commensurate with the wages paid to other classes of workers.

This is so entirely self-evident that it requires no proof. Obviously, intelligent men and women remain in the teaching profession only through a strong sense of duty when almost any other type of work yields a higher return.

In Alberta, the highest average salary paid teachers in any centre is \$3,000 a year. The highest minimum salary averages \$1,500 a year.

Compare these salaries with other earnings in other lines of endeavor.

For instance, a clothes presser in

There is an element of tragedy in this crowding and jostling to get into the water on sweltering days.

The inadequacy of the situation indicates not only a poverty of equipment but a poverty of vision and humanity in the civic administration that evidently regards swimming pools as something in a very low priority of construction.

But swimming pools are something more than conveniences to enable citizens to cool off on hot days.

Without a sufficient number of pools, which probably should now be twelve or fourteen, it is impossible for children and young people to become proficient in swimming and water safety.

And because enough children are not proficient in swimming and water safety, we have a dismal toll of preventable drownings at the nearby beaches every summer.

A sufficient number of open air and enclosed pools in Edmonton is one of the city's urgent and vital needs.

When does the city council propose to do something about it?

Toronto earns \$1.49 per hour. On a 44-hour week, this gives him an annual wage of \$3,399.12.

A foreman in a B.C. lumber camp gets \$17.29 cents a day. On the basis of a five-day week, he earns \$4,499.40 a year.

A machine tender in a pulp mill on the Maritimes is paid \$2.20 per hour. On a 44-hour week, he earns \$5,083.60 annually.

A garage mechanic in many points makes up to and over \$3,000 a year.

A plasterer is paid between \$1.50 and \$1.80 per hour.

All these are useful occupations and skilled occupations. But the training and skill and intelligence that go into them do not compare with similar requirements in a good teacher.

The point is that teachers' salaries are the crux of the educational crisis in Canada.

Those salaries must be raised or education will inevitably decline.

Certainly, \$150,000 worth of scholarships are not going to solve the problem in Alberta.

The Real Criminal Escapes

Sometimes the real criminal doesn't get caught. Often the person who is sent to jail is merely the tool, the instrument, by which the crime is committed.

An Edmonton youth has recently been sentenced to serve six months in jail. A car was operated without permission of the owner and was in collision with another vehicle.

That is clear enough. But what about the "real criminal" and the "instrument."

This youth told the magistrate he was intoxicated. He was a minor. It is as simple as that.

Strange Role Assigned To France by New Pact

Walter Lippman, advanced a significant theory last week regarding the rearmament of France, according to which it is aimed, not at Russia, but at Germany.

Admitting that there is no possibility of matching inexhaustible armies of the Soviet Union by European ground forces, and that the threat of Soviet aggression is only the knowledge that in any attack on Western Europe will mean war with America.

Lippman reports that the real reason for French rearmament, which, "has not hitherto been stated publicly," is to prepare for a German settlement when the occupying armies withdraw.

Then, "the Germans will have to be allowed a military force subject to treaty limitations," and it will be essential, "that there should exist a French army sufficiently large to enforce the German treaty and contain the German military revival."

If Mr. Lippman is reporting correctly, this strategy baffles the imagination.

If the object of rearmament is to contain Germany, it could be accomplished, not by the Atlantic Pact but by a Russo-French alliance.

Nations cannot arm for conflicting purposes. If the purpose of the Atlantic Pact is to discourage Soviet aggression, then Germany must (1) be kept entirely unarmed, her defense guaranteed by the Atlantic Pact, and (2) through clear warning that an attack on Germany or any rearmament of Germany will be considered an act of war, or (3) diplomacy must be used to keep Germany out of the Western Union.

Toward Trouble

If, however, Germany is evaluated and allowed to have any army while France is charged to "keep her military revival contained," we are steering toward trouble.

For the military containment of Germany will not be decided by France, but by the United States, as in the '20s, when Russia encouraged Germany to break the Treaty of Versailles.

The French attempt in 1922 to reoccupy the Ruhr was met by a solid resistance of the police

German nation and a general strike.

It would be so met if it were attempted again after evacuation, and whether Germany or France would be the victor would be determined by the Soviets and without their moving a single Russian division.

The moment Germany is a sovereign state with an army, however small, that state will concentrate on liberating the nation from the unequal restrictions imposed by the victors.

Germany is divided into hostile camps the German state will bargain between them.

Many leaders eager to offer Germany 20 self-respecting places in the Western family, the rebirth of German nationalism is occurring at an alarming rate.

Whereas the war and found many leaders eager to offer Germany 20 self-respecting places in the Western family, the rebirth of German nationalism is occurring at an alarming rate.

Letters to the Editor

Foundation brood mares are strict, but a reasonable amount of consideration should be given to the close to the brood mare, the kind of mare that year after year does the very best she can for her four and five on short rations and under conditions none too good.

Editor, Bulletin—After reading your editorial on Sunday I would appear that I felt I had to say my little piece.

I was at the morning session at the hearing of the milk commission to listen to the pros and cons on Sunday milk delivery as heard by Mr. Hamilton, of I believe the E.C.D. inform the commission that if people run out of ice the ice company can be called in to supply milk to infants.

On Sunday I was at the Queen Elizabeth Park on the South Side where I saw several E.C.D. vans making delivery of ice cream. The delivery of ice cream is more important than supplying milk to infants.

The increase in milk consumption that was so proudly mentioned most of it is due to people like me who are buying additional, quart due to the milk shortage.

MRS. R. GOLDIE, 8500-81 Ave.

Light Horses

Editor, Bulletin—A very important effort by the Canadian Hunter and Light Horse Improvement Society to enroll Hunter Foundation brood mares to become an important factor in the come-back of light horses across Canada.

Evidence of this expansion was clearly shown at a recent local fair where a score or more mares were offered for inspection, and if accepted, enrolled in the society's registry.

Our federal government authorities are keenly interested in encouraging great interest among younger people by the formation of pony and colt clubs. The importance of these clubs is recognized in most eastern centres so much so, they have now become an institution; a very worthwhile part of our life to earth, everyday lives. So let us show the required courage here in Alberta to face and accept that fact.

To encourage our boys and girls to own and ride their own and older animals, the progeny of locally-owned mares and govern-ment sponsored stallions. This firmly believe was the original objective of the federal government when these breeding stations were established in Alberta and the other provinces.

Qualifications for enrollment as to either, woman or child, are put him on a fence between the two peoples he springs from. And that fence he may see things coming before either world does.

This man was talking recently about the way Communism is sweeping over the land of his ancestors, China. He said:

"Perhaps without knowing it, Communism has climbed the tiger of latent race hatred in Asia. That is its real threat to the world in the long view. . . . That it may be tempted to try what Japan tried and failed to do—plunge the world into a racial war."

"Japan failed because China saw through her flimsy promises of Asia for the Asians, and cast her lot with the west. But in this cold war China is falling for the promises of Communism, and fighting for the same thing."

"The thing is," my friend went on, "Communism flows into this part of the world because nothing has replaced the one-great prestige of the white man."

"Communism," he went on, "will come when the problem of retaining this vast new area of world change" and guides and helps the colored peoples to a better life, something that Communism today are buying his promises for a better world.

Deliver my soul, O Lord, from lying lips, from a deceitful tongue.—Psalms 120-2.

Today's Text

From Today's News

By JAMES D. WHITE

"I think Communism is too inflexible a doctrine ever to deliver on these promises. When its time comes to put it or shut it down, Communism will answer in Asia by preaching hatred of the white man."

"Regardless of Moscow's pose of peace, the local boss will beat the drums of war. He will hate just to stay in power."

"He will listen to his allies, but he will not listen to his enemies. He is poor and knows there must be something better than what they have."

"The danger will be all the greater unless the white man goes out some way to do a better job in Asia than Communism."

"This talk took place some time ago, but recently its viewpoint has been backed up by Field Marshal Smuts of South Africa. He is another man who has lived with the racial problem all his life. He sees the world as being in the middle of a century of revolution by the 'colored' races of mankind."

"Smuts recently told Enrie Hill of the Chicago Daily News is throwing off white domination."

"Asia is Africa's neighbor," said Smuts, "and must rise to vision and magnanimity or we shall be wiped out with the march of world events."

"Communism," he went on, "will come when the problem of retaining this vast new area of world change" and guides and helps the colored peoples to a better life, something that Communism today are buying his promises for a better world.

"Communism," he went on, "will come when the problem of retaining this vast new area of world change" and guides and helps the colored peoples to a better life, something that Communism today are buying his promises for a better world.

Welcome Tourists

Editor, Bulletin—On behalf of Edmonton Junior Chamber of Commerce Tourist Committee, I would like to convey to you and your associates, our sincere appreciation for the assistance given us during our recent "Welcome Tourist Week."

We feel that this project was an encouraging success and can only attribute this success to the planning and efforts of persons such as yourselves.

BRUCE MATTHEW, Secretary.

Pension Increase

Editor, Bulletin—I am past 70 and do not favor this raise in old age pensions as it encourages people in their younger days to be idle and extravagant when they know that in their old age they will be looked after.

My friend and I worked and carefully invested our money which is netting us a comfortable old age, while other people of our time spent their money foolishly and are now receiving the government pension, and are nearly as well off as we are.

A. E.

Civil Service

Editor, Bulletin—I read the article by Mr. Ross about a civil service cut. It is not Mr. Ross who is responsible for the ability to find jobs for the unemployed? Why then do you criticize the civil service because they hire as you say, so many people?

If they let these civil servants go, are they going to find jobs? Are you going to pay them from the taxes you save which ordinarily would go to the government? Or do you think our large American-Canadian companies or our large retail stores are going to hire them as a Christmas present for the government?

Surely you don't begrudge the meagre wages they make? Are we not fighting for social jobs for the jobless, a forty hour week to employ those who are still unemployed?

FOR FAIR PLAY, 108 Ave., 106 St.

On the Loose

I remember one summer up in Ottawa this same disreputable pair, Burwash and Scott, arrested the flow and diverted the path of a small creek running into McKay Lake.

They were going to create something that would set the whole neighborhood gaping with wonder. But that was a fiasco too.

Let me warn all those who read this column: If a couple of characters like Burwash and Scott turn up in your area, looking as if they just finished building the hydro dam at Desjardins on the Ottawa, and were taking a breather before going to work on the pipe line across the prairie, and if they start inquiring about the nearest body of water larger than a

SHOWN SIGHTS of Britain's capital by Yeoman Warder Frank Sutton of Tower of London is Bebe Shopp, 18-year-old Miss America of 1948, touring Europe as part of prize for winning beauty contest. Minnesota beauty will also visit Paris and Rome on educational tour before returning to U.S.

Rural Electrification Is Expanding in Alberta

CALGARY, Aug. 15.—(CP)—

A 25-mile-wide strip of land running from south of Calgary to north of Edmonton will be almost completely served by rural electrification by the end of this year, F. J. Fitzpatrick, Alberta government supervisor of credit unions, said Saturday night.

Speaking at a banquet for delegates attending the quarterly meeting of the Credit Union National Association, Mr. Fitzpatrick said the area would extend from 40 to 50 miles south of Calgary and the same distance north of Edmonton. He said the area concerned would lie about 10 to 15 miles on each side of the Canadian Pacific Railway line between the two main Alberta centres.

Mr. Fitzpatrick said credit unions are not the only form of self help in Alberta. Farmers who wished rural electrification formed associations for that purpose. The farmers paid one-half of the cost of the group scheme and could borrow the other half from the bank, the Alberta government guaranteeing the loan.

Up to 1949 there had been 6,100 such associations formed. This year there would be another 2,500, making almost 10,000 altogether.

"I do not think there is anything today which will keep the young people home on the farm better than this electrification program," he said.

Toronto Leafs' Masseur Dead

TORONTO, Aug. 15.—(CP)—Reuben Bannister, 69, masseur for the Toronto Maple Leafs hockey team for 36 years, died here Saturday.

Married for the second time a month ago, he suffered a heart attack while on his honeymoon.

Ottawa Ready for Removal of Reds

Minister Pearson Says New Drive Not To Be Witch-Hunt

LAKE LOUCHICHI, Ont., Aug. 15.—(UP)—The Canadian government today was ready to start removing Communists from positions of trust but would take care the move did not develop into a witch-hunt. External Affairs Minister Lester B. Pearson indicated here.

In an address before the 18th annual conference of the Canadian institute of public affairs, Pearson said the Criminal Code would be strengthened, if necessary, to pave the way for a new drive against Communism.

He stressed however that in doing so "I hope we may never succumb to the black madness of the witch hunt."

The minister admitted that Communism or Fascist treachery was hard to unroot because "those who practise it successfully are masters of deception."

He said: "But they will accomplish a large part of their purpose if they spread ill-founded suspicions in the community, if they make us think that our universities should be purged or trammelled, or if they make us uneasy in our minds about the loyalty of our civil servants."

In a characteristic, forthright denunciation of Communism, Pearson added that governments had to accept "a large measure of responsibility for direction, and even control, of the economic life of the nation to remove conditions on which totalitarianism thrives."

Week-End Deaths
By The Canadian Press
NEW YORK, Edward Caldwell, 88, president of the McGraw-Hill Book Company.
WINDERMERE, Ont.—Albert Mathewson, 76, former lieutenant-governor of Ontario.
PRAGUE, Dr. Joseph Bala, 61, renowned professor of surgery at Prague Charles University.
LONDON—Sir Edward Gerald Hawkenorth, 52, former governor of the British Honduras.
NORMAN, Okla.—Dr. Charles Newton Gould, 81, founder of the University of Oklahoma School of Geology.
GEORGEVILLE, Que.—Robert W. Steele, chairman of the board of the Asbestos Corporation of Quebec, Minn., Que.

TORONTO—Reuben Bannister, 69, masseur for the Toronto Maple Leafs hockey team for 36 years.

Practically AWOL
DETROIT, Aug. 15.—(UP)—Arthur Hartfield filed for divorce because his wife went grocery shopping and was gone three days.

40 years trouble ended—Now Regular

"After 40 years of trouble with constipation, I tried KELLOGG'S ALL-BRAN. Now I'm as regular as clockwork. I take half a cup with milk and it's delicious!" writes W. G. Young, 840 Nelson St., Ste. 30, Vancouver, B.C. This is just one of many unsolicited letters from ALL-BRAN daily, drink plenty of water. Double your money back if results don't satisfy—send empty carton to Kellogg's, London, Ont.

The four-man crew lay their four lengths of hose, and turn up the red ball on the target with the stream of water. The Calgary team was forced out of the competition when the nozzle became cross-threaded and blew off when the water poured out from the hose.

In second place was the Lethbridge crew with a time of 36.4 seconds, third, Waskowin, 36.8, fourth, Claresholm, and Edmonton, 37.4.

The annual baseball game between Edmonton and Calgary firemen ended in a 6-6 tie. The second game will be played in Edmonton Aug. 27.

So small are blood cells that 60,000 could be placed on the head of a pin.

SOUP-LOVER GETS PRISONER FROM SHERIFF

ST. LOUIS, Aug. 15.—(UP)—Deputy Sheriff Ed Farley of suburban Clayton willingly surrendered his prisoner to a stranger.

The prisoner was a big turtle Earley had removed from the back yard of a woman who feared that it might bite her children.

As he carried the turtle by the tail back to his car and wondered how to get rid of it, a passerby remarked that it would make fine soup.

"It's yours," Earley said, and the stranger walked off with the turtle.

Doctors Offer Services Free
MARTINSBURG, W. Va., Aug. 15.—(UP)—Berkeley County doctors have voted to donate their time each fall to give health examinations to school children. The physicians said they hope to build a community disease-prevention program.

Interest on Credit Union Insurance Drops

CALGARY, Aug. 15.—(CP)—Interest rates on policy and premium loans made through the Credit Union National Association's Mutual Insurance Society will be reduced by one per cent.

Decision to reduce the interest rate from five per cent per annum to four per cent was disclosed Saturday at the final session of the three-day CUNA quarterly meeting here.

Officials said the change would be made when it was legally possible for it to be effective for all contracts, both new and old. The move is to show CUNA members what their organization can do for them, the officials added.

They said permission also would be sought to increase the limit for security-free loans to \$400.

AMOUNT VARIES
At present, the amount allowed varies in different sections of the North American continent. Delegates discussed plans for Hong Kong, at the mouth of the Canton river, is the only safe deep sea anchorage between Shanghai and Indo-China.

Johnny Stott Cops CS Tennis Title

Thumps Docherty in MOS Final; Nancy Collinge Wins Singles

The 'good things' came through as expected when Johnny Stott, city and provincial men's singles champion, and Nancy Collinge, western Canada junior titlist, scored convincing victories in final matches of the annual City Service tennis club tournament, played at the week-end.

Stott turned back George Docherty, former club champion, 6-4, 6-3 to win the men's singles crown. Miss Collinge, bearer of a family tennis name in these parts, won a hard-fought three-set duel from battling Marj Forrester, in the ladies' singles final, count being 6-1, 2-6, 7-5.

NIP AND TUCK
In the Stott-Docherty wind-up, latter fought tough and nail before going under in the first set. By the time Stott was warmed to the task and he swept the second with the loss of but three games. Third set was Stott all the way as he dropped just one game.

As score indicates there was little to choose between the participants in the ladies' singles final. Result hung in the balance to the end.

Docherty earned a measure of revenge for his defeat in the singles final by teaming with Al Ingall to win the men's doubles event. Docherty-Ingall trounced Cathro-Willson 6-3, 6-5 to take all.

Week-end results—MOS—final—Stott def. Docherty 6-4, 6-3; Collinge def. Forrester 6-1, 2-6, 7-5.
MOS—final—Ingall-Ingall def. Cathro-Willson 6-3, 6-5.

MOS—Thompson def. Windish 6-3, 6-2; Peacock def. Williams 6-4, 6-3; Kennedy def. Thompson 7-5, 6-3; Cathro def. Peacock 6-2, 6-3.

Week-end results—MOS—final—Stott def. Docherty 6-4, 6-3; Collinge def. Forrester 6-1, 2-6, 7-5.

B. Martell Upset In Amateur Golf

Another pre-tourney favorite was cased from the City Amateur golf tournament at Municipal course at the week-end, Highlands' Burns Martell losing to club-mate Emerson Mack by a 4 and 3 score.

Martell, three times a finalist in the City Amateur, got off to a bad start in the opening nine holes Saturday, making the turn with Mack holding a four-hole buffer.

Match was closed out on the 12th, both players carding 144. Mack won by a 4 and 3 score.

Johnny McDonald, Edmonton Country club, advanced to the quarter-final match after Saturday, making the turn with Mack holding a four-hole buffer.

Match was closed out on the 12th, both players carding 144. Mack won by a 4 and 3 score.

S.S. 'Dons' Crough, Wynn Star as Cadomin Drop Pair

CADOMIN, Aug. 15.—The best-known Dons in history are the Don Coughs and Don Wynn, who played for the Los Angeles Dodgers.

But yesterday, in this part of the country at least, a pair of Dons from Edmonton's South Side surpassed their more illustrious namesakes by whipping Cadomin Legion in the first two games of a best-of-five northern Alberta junior baseball semi-final.

The two Don Croughs and Don Wynn—pitched South Siders in 4-0 and 4-3 conquests over the hometown Croughs, who had lost Cadomin in the first game on two hits while Wynn yielded seven safe hits in snatching the win.

BEATY'S CLUB TO NEW YORK
John Beaty flies airplanes and manages baseball teams on the side. Last week the former partner of John Ducey in Renfrew Park's baseball enterprise, he was named to the United States Air Force team from Ladd Field to first prize money in a tournament at Fairbanks, Alaska.

As a result Beaty's battalion of baseball-loving airman will be visiting the 1947 USAF tournament in the Polo Grounds, New York city tomorrow night. Beaty, who is the American air force in every theatre of operations, will compete in the Polo Grounds show.

Westlock Caps Oilers
WESTLOCK, Aug. 15.—Westlock capped Edmonton Tacks Oilers' season by winning the first of two best-of-five northern Alberta junior baseball elimination series in three straight games. A week ago the Oilers won a double-header in Oilers in Edmonton.

In an exhibition last following the playoffs, Westlock edged the Oilers 4-3.

And while Westlock moved into the playoffs, Oilers advanced to the second game. He came close to losing a 4-1 lead in the eighth inning when his teammates committed four costly errors which won Cadomin two unearned runs.

Johnny Clark, hard-hitting South Side third baseman, knocked a two-run home in the eighth to provide Wynn with his winning mark.

CADOMIN CHATTER
Ed May, Doug Kilburn, Brent Macdonald, Clark and Len Haley hit safely for South Side in the first game while St. Louis and Harry Bued succeeded in denting Coughs' pitching arm.

Wynn and Kapuskani, each struck out eight. In 1947 the right-handed St. Louis pitched the only no-hit game since the war in Edmonton junior circles. He only needed Maple Leafs in a seven-inning Sunday game on that occasion.

... In Stingy Mood.

Legion In Soccer Final

North Side Legion advanced in the Alberta soccer championship for the umpteenth time at Clarke Stadium Saturday night, trouncing RCAF 5-3 in a sudden-death northern final.

Legion zoomed to a 3-1 margin in the opening half on goals by Dave Gillingham (3) and George Davidson. Joe Mella, classy RCAF left half, tallied the lone Airmen goal.

Gillingham, who scores more goals than anyone in the Senior League, Dave Peacock, Andy Moore, and Bobby Graham booted Legion to an 8-1 lead before Harry Jordan came through for RCAF late in the game.

Paddy O'Brien, RCAF centre half, stood out for the losers, while Gillingham, Peacock and Ted Lewis played long-run soccer for Legion. Gillingham will take on the Lethbridge Calgary winner in the Alberta final.

In an exhibition match Sunday afternoon, Anavets substituted a U.S. team 5-1, Sam Fielder (2) Charlie Wilkie (Johnny Russell) and Billy Green notched goals for the victors. Marcus Tacey and Ricky Richardson doing likewise for the vanquished.

Ed May, Doug Kilburn, Brent Macdonald, Clark and Len Haley hit safely for South Side in the first game while St. Louis and Harry Bued succeeded in denting Coughs' pitching arm.

Wynn and Kapuskani, each struck out eight. In 1947 the right-handed St. Louis pitched the only no-hit game since the war in Edmonton junior circles. He only needed Maple Leafs in a seven-inning Sunday game on that occasion.

Garneau Tourney Nears End

They've just about finished smashing headline drives in the annual Garneau tennis tournament. But before the two-week long affair has run its course Steve Fusley and Jack Biddell will tangle with the youthful Fred Windick-Derek Batcher due for the men's secondary doubles title tonight.

At the week-end Isobel McConnell and Jack Thorburn took time out to win the mixed open doubles crown from Irma and Les McManus, 10-6, 6-4. Mrs. McManus stroked her way into the top bracket of the ladies' open doubles, however, combining with Joan Tweed to halt Lois Hindley and Lois Tweed 6-4, 6-4.

Nellie McClung and Howard Hall won mixed secondary doubles' honors during week-end play. Fusley, Thorburn and B

Faith Is a Cure For Human Ills

Guide To Confident Living Found In New Testament

The Bulletin continues today publication of a condensation of the widely-acclaimed book, "A Guide to Confident Living," by Dr. Norman Vincent Peale. Dr. Peale, noted Protestant clergyman, has been minister of Marble Collegiate Church in New York since 1932. He has achieved impressive results as a pastor by forging a link between religion and psychiatry, to gain happiness and success for thousands of people. Dr. Peale's principles for confident living will appear in 17 daily chapters. (Copyright 1948, Prentice-Hall Inc.)

By Norman Vincent Peale
CHAPTER 12

I met a friend, a minister, whom I have not seen in several years. I had heard that he had suffered a nervous breakdown. But now he seemed robust and looked the picture of health.

We sat in his library one winter day before a cheerful fire. He stretched out his long legs, leaned back in his chair and asked, "Have you ever given thought to the relationship of religion to the art of resting?"

"Our religion," he continued, "has been so concerned with morals and ethics, both matters of the greatest importance, that many have failed to realize the tonic effect of faith."

"Why," he exclaimed, "it is amazing what religion can do to cure tension, heal worried and anxious thoughts and give strength for the stresses and strains as prevalent today."

"You must have found something," I prodded him.

"I surely have. A couple of years ago I had a nervous breakdown. I went to a hospital and was put through all the tests. My energy had gone. I was weak and listless. Finally the doctor

in charge of my case gave me his diagnosis."

"We have analyzed your case," he said, "and we have decided that if you practiced Christianity you could get well."

"What do you mean?" I asked.

"I suppose you never read the New Testament," continued the doctor.

"Of course, I do," I protested.

"Oh, I see," pursued the doctor. "You read it but you do not believe it."

"I do believe it," shouted the minister.

"I suppose you never read the New Testament," continued the doctor.

"Of course, I do," I protested.

"Oh, I see," pursued the doctor. "You read it but you do not believe it."

"I do believe it," shouted the minister.

"I suppose you never read the New Testament," continued the doctor.

"Of course, I do," I protested.

"Oh, I see," pursued the doctor. "You read it but you do not believe it."

"I do believe it," shouted the minister.

"I suppose you never read the New Testament," continued the doctor.

"Of course, I do," I protested.

"Oh, I see," pursued the doctor. "You read it but you do not believe it."

"I do believe it," shouted the minister.

"I suppose you never read the New Testament," continued the doctor.

TRADITION was observed by King when he donned kilts for inspection of guard of honor comprising men of 1st Battalion Highland Light Infantry, as he arrived at Buller, Scotland. At far left is Major St. George Maxwell, King and members of Royal Family were en route to Balmoral Castle.

U.S. Army Officer Murdered at Manila

MANILA, Aug. 15.—(AP)—Geo. Murray, former head of the United States Army Criminal Invest-

igation Division in Manila, was shot to death Saturday in his bungalow. Murray, 26, helped break up a local narcotics ring shortly after the war.

Automatic Conductor

LONDON.—(CP)—A ticket machine being tried by bus conductors in London prints the tickets and counts the money.

WINNIPEG, Aug. 15.—(CP)—

Henry Kraft, 40, died in hospital here Saturday from injuries received in a motorcycle accident.

Police said Mr. Kraft was injured while operating his son's new motorcycle. Reportedly unfamiliar with the controls, Mr. Kraft was thrown to the ground after the vehicle struck a fence.

Apparently unharmed, he at first refused medical attention, but later

collapsed in his home and was taken to hospital where he was said to be in critical condition from a brain hemorrhage. His condition remained poor until his death 36 hours later.

RAPID EXPANSION of the business area in Barrhead can be seen in the bird's-eye view of the town. Another feature of growing town is recent installation of sewer

and water facilities, \$150,000 school, frozen food locker plant, garage, new post office and store are new additions to Barrhead.

Fur, Lumber, Oil, Grain Make Barrhead Rich

Varied and many are the industries and businesses which are the beating pulse of the town of Barrhead.

Barrhead might certainly be said to be the envy of surrounding areas.

It is located some 70 miles north-west of Edmonton and has some of the best mixed farms in the country flanking its boundaries.

Not only this, but the town may develop into another Leduc.

OIL DISCOVERED
Oil has been discovered about 20 miles west of Barrhead. Only the fact that the find is situated in an out of the way spot and water content of the oil was too high for profitable refining stopped the venture.

Promises is being held out that a rich strike may be made in the area in the near future.

In the 21 years that Barrhead has been incorporated as a town no one can remember a year that the crops failed.

COARSE GRAIN WEALTH
This year, despite a prolonged drought, the crops promise to be among the best in Alberta.

Reason for this added prosperity is that the land is grey wooded variety and ideally suited for the raising of coarse grains.

With coarse grains naturally the

direct result is production of hogs and cattle.

Wheat, of course, is one of the big crops in the area but not overlooked are crops of clover, alfalfa, alfalfa and similar forage seed crops.

Another economic factor of the district is the lumber industry.

FUR INDUSTRY
Largest organization cutting stands of timber in the area is the Imperial Lumber Company which maintains a large planing mill about two miles from Barrhead.

One unusual profit making venture of the district is fur trapping. In the outlying districts many farmers every winter set traps and in this way bag valuable pelts, some of which command fancy prices on the market.

It can easily be seen from the type of industries spotting Barrhead why it is one of the fastest growing communities in northern Alberta.

Could Lose Appetites
CANBERRA—CP—Delegates in a recent conference of the Commonwealth National Fitness Council held their sessions at the School of Tropical Medicine. They took tea in the school's museum surrounded by examples of leprosy, elephantiasis and other diseases.

Barrhead Strives For Biggest Fair

Baseball Tournament Will Have 11 District Teams

Striving to attain the biggest and best in northern Alberta, town of Barrhead Wednesday will roll into its 22nd anniversary baseball tournament and fair.

Eleven ball teams from surrounding districts will vie for \$1,000 prize money.

Entered in the series are teams from the following towns: Calmar, Gibbons, Westlock, Riviere Qui Parre, Mayerthorpe, Cadomin, Stony Plain, Namsa and of course, the home team, Barrhead.

FEVER PITCH

Enthusiasm in the tournament has reached fever pitch and nobody will name a probable winner until the last ball of the last inning of the last game has been thrown.

In the past, fear was expressed that if interest did not pick up in the tournament it might have to be dropped.

But response has been so great in later years that the tournament has snowballed into the biggest in northern Alberta.

To get the 1,200-odd citizens of the town in the carnival spirit Mayor Charlie Yulli has declared two half holidays on tournament days.

MORNING WORK

"Figure this way they can all get their work done in the morning and in the afternoon can turn out in force to see the great ball games and enjoy the fun," he commented.

Taking care of the carnival end of the show will be Gayland Shows who have agreed to handle the entire amusement field. Promised fair-goers are a variety of rides, side-shows and all the trimmings which make for a gala-filled day.

Inventors Claim
Non-Skid Device

MARTINSBURG, W.Va., Aug. 15. (UP)—Two inventors here have applied for a patent on a non-skid device for automobile wheels which will be less cumbersome than tire chains.

Henry J. Haas and George T. Sigler have manufactured a contrivance fitting over the wheel and using an arrangement of rods and points to grip icy highways.

Water is the only substance that weighs less in its solid form than in a liquid state.

Merchants, Citizens Great Boosters for Barrhead

Local merchants and residents most of the time are occupied with selling the greatest commodity on earth—their town.

A visitor to Barrhead is impressed with the manner in which all local merchants and residents, at every opportunity, praise their town.

They believe, and with good reason, that Barrhead is the best little town from the Pacific to the Laurentians.

On the whole, the town operates on a "let's get work together spirit" and as a result all ventures undertaken by town organizations are a success financially and otherwise.

A great future can be foreseen for Barrhead, thanks to the salesmanship of its townsfolk.

Prominent Rancher Dies at Calgary

CALGARY, Aug. 15. (CP)—Thomas Edward Threeper, 64, of Spring Coulee, Alta., died in hospital here Saturday. Native of Standoff, Alta., Mr. Threeper was a well-known rancher in the Carleton district.

Scotland Gave Town Its Name

A wandering Scotsman, pining for his mother country, is held responsible for giving Barrhead its name.

Jack McGuire, a native of Barrhead, Scotland, on the river Clyde, was one of three bachelor brothers who settled in the Barrhead area.

Mr. McGuire claimed that the district so reminded him of the "old sod" that he persuaded his villagers in the area to christen it after the Scottish village.

HAPPY BEAMS are on faces of Barrhead Junior Baseball team currently in the thick of final series. Back row left to right, Del Roberts, Art Bredo, Ross Hosack, Roy Harris, manager, Ivan Mesmer, Alex Charytoniuk

and Doug Luchak. Middle row left to right, Bob Olson, Alvin Rendfleisch, Ray Fluett and Bob Pickrell. Front row, left to right, George Rettie, Bill Olson, Jack Jacob and Bill Ott.

PITCHFORK WIELDING FATHER FINED \$200

SARNIA, Ont., Aug. 15. (CP)—A 10-year-old girl whom the court called a "beast of burden" was taken from her father yesterday as Magistrate C. S. Woodrow fined district farmer Arthur Levey \$200 and \$55 costs after convicting him of wounding the girl with a pitchfork.

Annie has been driving a tractor since she was five years old, the father admitted. She was given to the temporary care of grandparents, Mr. and Mrs. Joseph Podolinsky at Alvinston.

Magistrate Woodrow said that Levey missed a prison term only because he has a 300-acre farm and considerable livestock to maintain.

GROWING MONTH-BY-MONTH, Barrhead's Main Street houses more than half of the business firms in the town. The thriving business centre of the town is located in a four block area around Main Street.

Barrhead Sports Group Does Well

Young Business-Sportsmen
Sponsoring Two-Day Fair

Any credit for the immense success and organization of the Barrhead Ball Tournament and Fair Days can be squarely placed on the shoulders of the Barrhead Sports Association.

Perpetually on its toes to further sporting activities, the organization has made up of young business men and town residents.

Recently the group was faced with a crisis when its sports ground was absorbed in a rapid housing expansion program.

ACQUIRED LAND
However it quickly acquired 50 acres of land adjacent of the town and proceeded to lay out one of the finest sports grounds in Alberta. Now the grounds are completely equipped with bleachers, lush green grass, for which \$500 worth of seed was needed in perfect shape, and a public address system.

Younger set of Barrhead was not forgotten by the group. Consequently a complete set of playground equipment was installed on the grounds.

"Our main objective is to provide a place for the youth of Barrhead to play sports and to have fun," said one of the association officials.

GOOD JOB
The youth of Barrhead have done a good job with the sports ground. The youth of Barrhead have done a good job with the sports ground.

Popularity of baseball is increasing at a tremendous rate in western Canada and the Barrhead

ONE OF BARRHEAD'S big industries is grain growing. Shown above are four grain storage elevators located on southern fringe of town. Hedging elevators are oil and gas storage tanks.

AIR VIEW of new 20-acre Barrhead sports ground with three ball diamonds and fair ground is shown above. Playground equipment for children has been recently installed by Barrhead Sports Association.

Building Booms, Growing Pains Felt at Barrhead

Barren subdivisions, with a second building boom, its impact is felt at Barrhead.

Among other achievements, Barrhead is the divisional point on the Northern Alberta Railway system.

Growth of the town was accelerated recently when work was started to enlarge the present railway station.

FREEZING UNIT
A deep freeze locker unit was also recently opened and offers service to district farmers.

When the new unit is installed, the town will have a complete freezing system.

Shorthand of labor and supplies plagued town fathers who had to doggedly carry on under adverse conditions.

END IN SIGHT
But the end is in sight and Barrhead will soon add another achievement to its history.

The new school being constructed is expected to be completed for the fall term. It is expected that more than 600 pupils will crowd into the classrooms.

South Banking
Tops Edmonton

The new school building is expected to be 1,200 of the last costs and some 2,000 district residents—the business area.

BUSINESS FIRMS
A series of business firms are being started in the town.

Funeral Set For Trucker

CALGARY, Aug. 15.—Funeral services will be held at Edmonton next week for Henry Perry, 35-year-old truck driver killed in an accident on the Calgary-Medford highway last week.

Hardisty Hall Opens At Hardisty Aug. 15

Hardisty, Aug. 15.—The new Hardisty hall, located on the corner of Main and 10th streets, will be opened for the first time on Tuesday, August 15. The hall is a two-story building with a large hall and several smaller rooms. It is owned by the Hardisty community and will be used for various social and sporting events.

ASSESSMENT UNDER WAY

SILVAN LAKE, Aug. 15.—The assessment of property in the town of Silvan Lake is under way. The assessor, Mr. J. H. Smith, is currently visiting the various farms and businesses in the area to assess their value for the coming year.

AND CHANGES

The following changes have been made in the assessment of property in the town of Silvan Lake: The value of the property owned by Mr. J. H. Smith has been increased by \$100. The value of the property owned by Mr. A. B. Jones has been decreased by \$50. The value of the property owned by Mr. C. D. Brown has been increased by \$200.

FARMERS MOVE PHONE POLES

The farmers in the area of Silvan Lake have been asked to move their phone poles to the new location. This is necessary because the old location is no longer suitable for the new phone lines. The farmers are being asked to move the poles by the end of the month.

High Grade to Improve Esther-Sibbald Highway

The highway between Esther and Sibbald is in need of improvement. The road is in poor condition and is a danger to the travelers. The local government has decided to improve the road by grading it and repaving it. The work is expected to be completed by the end of the year.

Esther Farmers Turn to Binders

Old-Fashioned Fall Foreseen Due to Hay Crop Shortness

ESTHER, Aug. 15.—Harvesting is starting and from point of view of operations—not necessarily yield—it looks like an old-fashioned fall for Esther area.

ESTHER BLAZE

Ladies Serve Lunch After Garage Fire

ESTHER, Aug. 15.—Fire broke out in the Esther garage Saturday and flames burst through the walls, ceiling and floor.

The fire was caused by a gas leak from the car. The garage was a two-story building and the fire spread quickly. The fire department arrived and fought the fire for several hours. The garage was completely destroyed.

Sylvan Lake Golf Meet Dates Set

SILVAN LAKE, Aug. 15.—An annual tournament sponsored by the Sylvan Lake Golf Club is scheduled for Sunday and Monday of the Labor Day week-end.

Entries for the tournament are being accepted at the club house. The tournament is open to all members of the club and to non-members on a limited basis.

Church Repaired

WHITECOURT, Aug. 15.—The church at Whitecourt has been repaired and is now open for services. The church was closed for several weeks due to damage caused by a fire.

Hardisty Exploring

HARDISTY, Aug. 15.—Exploring is being done in the area of Hardisty. The explorers are looking for oil and gas reserves. The area is believed to be rich in these resources.

School Is Moved

HARDISTY, Aug. 15.—The school at Hardisty has been moved to a new location. The new school is a modern building with many facilities. The move was completed successfully.

Board Breaks Even

STETTLE, Aug. 15.—The board of directors of the Stettle company has decided to break even for the year. This is a good result for the company.

The board has decided to pay out the same amount as they received in revenue. This will allow the company to continue its operations without any financial loss.

The board has also decided to increase the salaries of the directors. This is a common practice for many companies.

The board has also decided to increase the dividends for the shareholders. This is a good sign for the company's financial health.

The board has also decided to increase the salaries of the executives. This is a common practice for many companies.

ACCIDENT COMES EARLY

HANNA, Aug. 15.—Accidents will happen but this one was a little unusual. A car was involved in an accident on the highway near Hanna. The car was badly damaged and the driver was injured.

Wetaskiwin Cadets Back

WETASKIWIN, Aug. 15.—Seven Wetaskiwin cadets returned from a training camp in Regina. The cadets were very proud of their accomplishments and will be receiving awards for their service.

The cadets were part of a team that competed in a tournament. They did very well and were able to win several games. The team was very well coached and the cadets were very dedicated.

The cadets were also very helpful to the community. They volunteered their time and helped with various projects. They were a great asset to the team and the community.

The cadets were also very well trained. They were able to perform many difficult tasks and were very disciplined. They were a great example to the community.

The cadets were also very well liked. They were friendly and helpful to everyone they met. They were a great asset to the team and the community.

Hanna Kinsmen Club Hosts for Birthday

HANNA, Aug. 15.—To mark Hanna's 37th birthday the Hanna Kinsmen brought a show to town which was much enjoyed by the crowd.

The Kinsmen were disappointed because the crowd was not as large as they had hoped for. However, the show was still a success and the Kinsmen were very happy.

The show featured a variety of acts, including a band, a juggler, and a clown. The crowd was very entertained and the show was a great success.

The Hanna Kinsmen Club is a very active organization and is always looking for ways to entertain the community. They are very proud of their town and are always working to make it a better place.

SHOPPING GUIDE

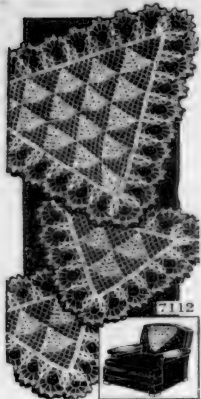

Crabapple Shortage
Is Latest Fruit News

By Bea Thrift

Right now is the time for an orgy of crabapple jelly-making.

People who should know tell me that the sweet golden fruit is in rather short supply this year, and the crop from BC will be at its best during the next few days.

Don't delay too long, because fruit dealers are warning that they won't be able to take care of any last minute orders.

Reason for this shortage is that there's no local crab crop this year. At least not to any extent.

Better news from the Apple Annie of Edmonton is that those first fat Wealthy apples will make an appearance early next week.

And when the Wealthies come, that means the Macintosh reds are not far behind.

No need to scrounge around for plum-canning recipes for about a week or ten days.

There was a good run on the earlier varieties of table plums, but there is a short break between them and that of the blue canning plums.

Sweet, smooth-textured, flavorful Rochester peaches are great canning favorites with a lot of people.

Though they are not freestone, they are gaining in popularity.

Just a hint—if you're canning them get them in quarters, rather than halves, and the stones are easily removed.

Great quantities of the ever-popular three V's are just coming on. At the current price of \$2.50 per case, they're your best buy in canning peaches at the moment.

These three, Vedette, Valiant and Veteran peaches, are uniformly round, smooth-skinned and are freestone.

Earlier than usual this year is the Bartlett pear crop, which is just coming into the stores.

Should be here in volume next week.

It's also expected that the holds off the frost for a time, because as well have lots of ears of grain corn in which to sink a hungry lance.

Good supply from Taber and Lethbridge is promptly in, and a few days they'll be selling at less than the current price of six ears for 25 cents.

Pickling season will be getting under way any day now, and such things as cucumbers are ready right now.

Tomatoes, onions, cauliflower, pickling onions and all the other ingredients for your favorite recipe, will be plentiful.

WHY GROW OLD

Reducing Diet
Builds Energy

By Josephine Lowman

I might start this column with the exclamation, "He couldn't believe it!" However, I will let a letter from a marathon entrant tell this woman's own story. She says:

"I just have to tell you what happened. When I started my Eight-Week Self-Improvement program a weight of 231 pounds, I was always tired and didn't give a darn whether I dressed and went any place or not. I always felt so self-conscious, and out of place.

Now, ten and a half months later, I am down to 186 pounds and feel fine, always ready to go! I have lost 103 pounds. (This reader began in January of 1946 but her letter reached me too late to print it last year and I cannot pass it up!)

"My bust was 53 inches and is now 42 inches, my waist was 45 inches and is now 32 inches, hips were 60 inches but now measure 40 inches.

"The biggest thrill I have had was two weeks ago when we made our annual visit to my husband's hometown. One of his friends asked me how I felt.

"When did you divorce that big woman and marry this young man? He couldn't believe it. I was the same person! I am 50 years old. Thanks for your help."

How does that make you feel if you have only ten or fifteen or twenty or thirty pounds to lose? Does it make you feel like a slacker? It takes great nerve and determination to begin a program in weight loss such as this.

Heroscope

By FRANCES DRAKE

FOR TUESDAY, AUGUST 16, 1946. Making plans for the future? Don't forget to look at the stars. They tell you what to expect. Don't forget to look at the stars. They tell you what to expect.

April 21 to May 21 (Taurus)—Your natural desire to be a good father is a winner. It is a good thing to be a father. It is a good thing to be a father.

June 22 to July 22 (Cancer)—Take things easy, don't plunge or strain into activities. Plan well, determine your capacity to deliver. Don't always pass up another for the supposed big profits.

July 23 to August 22 (Leo)—Stars suggest you review expenditures, consider before going into new investments. Strongly urge planning what you plan. Take also.

August 23 to September 22 (Virgo)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

September 23 to October 22 (Libra)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

October 23 to November 22 (Scorpio)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

November 23 to December 22 (Sagittarius)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

December 23 to January 22 (Capricorn)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

January 23 to February 22 (Aquarius)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

February 23 to March 22 (Pisces)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

March 23 to April 22 (Aries)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

April 23 to May 22 (Taurus)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

May 23 to June 22 (Gemini)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

June 23 to July 22 (Cancer)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

July 23 to August 22 (Leo)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

August 23 to September 22 (Virgo)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

September 23 to October 22 (Libra)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

October 23 to November 22 (Scorpio)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

November 23 to December 22 (Sagittarius)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

December 23 to January 22 (Capricorn)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

January 23 to February 22 (Aquarius)—Should have little contention, not have to the rich energy to put over things. Indifference, stirring, business, personal affairs should be all right.

TAWASI CLUB

Butterfly Collecting Is An Interesting Hobby

Dear Tawasi:

Many boys and girls who collect butterflies. Before you can start to have a collection you will require some necessary equipment. You should get a good book on butterflies and learn to know the type, form or even species. When you have a collection, you should also have a pair of forceps, setting pins, a needle, fine pins and boxes in which to put your collection.

With the forceps, carefully remove the insects from the wings. Then place them in the boxes. You should also have a pair of forceps, setting pins, a needle, fine pins and boxes in which to put your collection.

You should also have a pair of forceps, setting pins, a needle, fine pins and boxes in which to put your collection.

Birthday Greetings

David Killips, 11925-78 street, celebrated his 12th birthday yesterday.

David who has been a member of the Tawasi Club since he was 8 years old, is a very happy boy. He is a member of the Tawasi Club since he was 8 years old, is a very happy boy. He is a member of the Tawasi Club since he was 8 years old, is a very happy boy.

NINE PERSONS escaped with minor injuries when truck crashed into Kilburn Hardware early Sunday morning causing more than \$5,000 damage. Panel truck, driven by Gordon Davis of 1415-50 street, hit traffic island at 110 street and Jasper, climbed sidewalk, struck hardware store, crashed into telephone pole and bounced back, smashing store window.

TRUCK OWNED BY Northern Hardware Co. Ltd. was badly damaged in clash with Kilburn Hardware building. Driver Gordon Davis, charged with dangerous driving, told police car swerved in front of him. He said he didn't remember "anything that happened afterward." (See story Page 13)

New Tax Parley Seen Possibility

Federal-Provincial Meet Talk Starts Speculation

By D'Arcy O'Donnell

OTTAWA, Aug. 15.—(CP)—Federal consultation with the provinces on at least three major issues has set off speculation in political circles that another attempt may soon be made to seek agreement of all provinces on taxation and social security matters.

Prime Minister St. Laurent has stated that there will be a Dominion-Provincial conference at least by 1951 to discuss the possible renewal of taxation agreements with the 10 provinces.

He has indicated there would be nothing to prevent an earlier conference if all provinces showed a desire for such a meeting.

Although Newfoundland, which entered confederation last March 21, has not yet signed an agreement, one now is being drafted and negotiations are expected to be concluded in a short time.

The agreements are due to expire March 31, 1952, unless action is taken beforehand to renew them.

Several provincial premiers have requested that a new conference be called not only to discuss the renewals but also social security and public investment programs.

That last request came from Premier Campbell of Manitoba.

who first wrote to Mr. St. Laurent and then called on him later in the week.

There was no immediate comment from Mr. St. Laurent on the request.

The current consultations are not touching on either taxation or social security. They deal with:

1. Federal-Provincial cooperation in the housing field.

2. Federal-Provincial cooperation in the construction of a trans-Canada highway.

BEST ASSIST

3. The types of federal contributions which would best assist the fishing industry.

Reconstruction Minister Winter is handling the federal end of the talks on housing and on the trans-Canada highway. He has already met with the premiers of most provinces but the discussions are expected to go on until at least mid-September.

Within the week he met Premier

British Governor Killed by Fall

LONDON, Aug. 15.—(Reuters)—Sir Edward Gerald Hawkesworth, 52, who last year resigned the governorship of British Honduras because of ill-health, was found dead yesterday on a London pavement. He had apparently fallen from a third floor window.

Frost of Ontario and Premier Duplessis of Quebec. They head the governments of the two provinces which did not find it possible to come to an agreement with the federal government on taxation and social security matters at the Dominion-Provincial conference which ended in failure in 1946.

Unofficial forecasts are to the effect that federal housing legislation will be amended to permit federal contributions to low rental housing projects administered by the provinces.

ABILITY FACTOR

Trans-Canada highway legislation depends on the ability of the provinces to agree on the route, on standards of construction and on the sharing of costs. Federal legislation would provide for a Dominion contribution of some \$150,000,000 or \$200,000,000 toward the highway, part of which would run over existing roads.

The fisheries discussions are being carried on by Fisheries Minister Mayhew and his top officials. He recently concluded a tour of the Maritimes, Newfoundland and Quebec. Then he headed west for further talks.

Out of the discussions may come federal legislation aimed at keeping the vulnerable fishing industry on an even keel.

Smoothest Con Man Arrested As A Cook

BIRMINGHAM, Ala., Aug. 15.—(AP)—One of the United States' dullest confidence men was arrested yesterday masquerading as a cook, the FBI reported.

Special Agent George D. King said G-men nabbed Dutton A. Youngs who was posing as a rooming house cook under the name of Bill Watkins.

The FBI listed him as one of the 10 most wanted fugitives in the country.

In Atlanta, special agent John Ellis tabbed Youngs as one of the most fantastic confidence men in the post-war era.

He estimated Youngs and a partner, Herbert B. Silverman, had picked up between \$30,000 and \$100,000 during one brief stay in Atlanta in late 1947.

The pair established themselves in Atlanta and, using an Atlanta paper as reference, set out to sell

advertisements for a city directory, the agent continued. After collecting the fees, they disappeared without publishing a directory, Bills related.

Some fast and fancy checks juggling brought the pair many more thousands from banks, the FBI added.

Calgary Tar Workers Quit

CALGARY, Aug. 15.—(CP)—Employees of the Dominion Tar and Chemical Company Ltd., of Calgary, went on strike at noon Saturday.

The five maintenance men due at work today did not show up for work.

There are 126 union members employed at the plant.

A government strike vote was taken last week when the employees voted 99 to 10 in favor of strike action following a breakdown of wage negotiations. Earlier, employees had turned down an arbitration board decision.

Last March the union asked for 15 cents hour wage increase. They also asked nine paid statutory holidays instead of the six.

The arbitration board recommended no change. The basic flat rate in the plant is 80 cents an hour.

CANADA USES MORE FORD TRUCKS

than any other make...

...Because FORD TRUCKS ARE *Bonus Built* MADE STRONGER TO LAST LONGER

New Way for Hay Fever Relief Reported in States

By Alton L. Blakeslee

NEW YORK, Aug. 15.—(AP)—A way to get relief from hay fever without bad effects from an anti-allergy drug is reported in the Journal of Allergy.

The method is to use a spray or an nose drops, said Dr. Emanuel Schwartz and Harry Leshowitz of the Long Island College hospital.

They worked with one of the anti-allergy drugs, pyribenzamine. There are many of these drugs, and they often relieve sneezing and other discomforts of hay fever when taken as pills. But they make some people drowsy, dizzy, nauseated, or cause other side effects when taken that way.

RELIEF IMMEDIATE

A one-half per cent solution of pyribenzamine in a spray or nose drops brought relief to 79 per cent of people tested, without causing any side effects, the physicians said.

The relief came immediately, lasting half an hour or longer, they said. It relieved the sneezing, watery discharge and itching of the nose more than the drowsy, stuffy feeling it helped relieve. Various tests showed that people who suffer all year round from this kind of inflammation.

In tests on 100 patients, 79 per cent complained of a temporary burning sensation in the nose and throat when they used the nose drops. In most of these the sensation was less or disappeared when they used the spray.

ANALGESIC EFFECT

Pyribenzamine also appears to have a slight analgesic effect, they said. It relieved the sneezing, watery discharge and itching of the nose more than the drowsy, stuffy feeling it helped relieve. Various tests showed that people who suffer all year round from this kind of inflammation.

Bandits Slay Three In Sardinia Raid

ROME, Aug. 15.—(AP)—Bandits ambushed a payroll motor procession on a mountain road in Sardinia, yesterday, killed three guards and fled with \$300,000 in cash.

Six other policemen were wounded in the machine-gun and hand grenade attack.

Air Force Aiding Search for Bodies

INVERNESS, N.S., Aug. 15.—(CP)—An Air Force helicopter yesterday joined the search for the bodies of two of the four persons drowned off the Cape Breton coast Wednesday. The bodies of two other persons were recovered Thursday.

HAMS GET PICNIC HAMS AT PICNIC

PITTSBURGH, Aug. 15.—(AP)—Pork hams were sold at a picnic here yesterday. The occasion—an outing of amateur radio enthusiasts from New York, Ohio, Pennsylvania and West Virginia.

"MLL 211 be darned," said one "3 am" in greeting. "LPM" returned the other. "Thanked to you a dozen times—this is what you look like."

That's the way it went through the day—radio call letters, not names. And the main picnic course? Why, ham—of course.

Canuck FOE Trustee

DETROIT, Aug. 15.—(AP)—James Washington of Vancouver, B.C., was named a grand trustee of the Imperial Order of the Klondike, the 10th annual convention.

New Greece Diplomat Optimistic About Job

By George Konrad

WASHINGTON, Aug. 15.—(CP)—George L. Nagann, Canada's new ambassador to Greece, is a career diplomat who thinks foreign service offers a greater challenge than private enterprise—even if it doesn't offer as much money.

Canada's new ambassador to Greece, Mr. Nagann, is a career diplomat who thinks foreign service offers a greater challenge than private enterprise—even if it doesn't offer as much money.

He was born in a small town in Ontario and grew up in a family of public servants. He has been in the foreign service since 1927, mostly in the Pacific and the Caribbean.
